MEMBERS

Members will be allowed to bring in one guest who must be signed in.

Opening hours will be variable, subject to the number of members using the Club.

The one way system will change to in via the Bar and out via the lounge.

We have reviewed the use of other facilities and one snooker table will now be available for use, subject to a maximum of 4 players (doubles) at any one time. The balls will be available from the bar and must be returned after the game has finished. A clean set will then be issued to the next players waiting. Members will use their own cues and the rests, table surfaces and score board must be sanitised before, during and after play.

Darts can now be played in the lounge, subject to a maximum of 4 players (doubles) at any one time. Players will use their own darts and the scoreboard must be sanitised after use.

The fruit machine will also be available for use, only one player at a time who must be seated when playing. No spectators will be allowed and members not playing should stay outside the floor markings. The buttons etc should be sanitised before and after use.

Members will be able to use limited seating in the Bar, always mindful of maintaining social distancing.

At this moment in time the pool table will remain out of use.
